

Corporate Membership Program

Why consider corporate membership?

The increased visibility that ACerS Corporate Membership provides means increased opportunities to promote your products and services to the global ceramics community, giving your company additional avenues to increase sales and solidify partnerships.

What benefits do corporate members receive?

ACerS Corporate Members enjoy discounts on advertising and exhibiting, reduced registrations for meetings, discounts on products, and highlighted listings in the *ceramicSOURCE Buyers Guide*. Additionally, our corporate members receive recognition at all ACerS events and they receive individual memberships at no charge. See the list below for some of the specific benefits of being a Corporate Member. These are in addition to the many individual benefits that all Corporate Members receive.

Join today to receive up to \$2,000 in value!

Small Corporations/Institutions

50 employees or less
Two individual memberships (valued at \$240)
Annual Dues = \$325

Large Corporations/Institutions

51 employees or more
Six individual memberships (valued at \$720)
