## Chapter Advisor Executive Summary

We have an exciting group of students who have taken the leadership role in the past year and they are reviving the Keramos Professional Fraternity. Some of the activities such as fund raising, student recruitment to the program and organizing picnics and topical seminars are imbedded into the Materials Advantage chapter activities. More importantly they are recruiting fellow students to attend the Annual MS&T meeting. However, the Keramos group has special activities that involve student recruitment to ceramic specialization within the Materials Engineering as well as preparing for ceramic student speaking contest and fabricating ceramic articles for the competitions.

## Plan for the 2010 - 2011 School Year

We have cast initial plaques for initiation this fall of all members and spring of new members. By advertizing the chapter to sophomore and junior level classes, the student body will become more aware of Keramos.

In addition, we are planning to raise funds by food and crucible sales during lunchtime.

### Advisors

Dr. Kristen Constant, constant@iastate.edu

Dr. Mufit Akinc, makinc@iastate.edu

### Treasurer's Report

No fundraising activities were completed due to planning issues. Currently we have approximately \$700 dollars in the account, which will be used for casting supplies, travel expenses to MS&T, and preliminary funding for food sales.

### Chapter Activities

Outreach to K-12 schools was completed during the spring semester with Materials Advantage. In addition, we started a preliminary mug drop planning in the spring. Initiation plaque casting/molding was tested using methods laid out by the Missouri S&T chapter.
