Materials Science and Engineering Programs

Many schools that have engineering programs have a material science engineering department—below is a list of some of the schools that offer this degree, however there are many more!

- [The Ohio State University](#)
- [Massachusetts Institute of Technology](#)
- [University of Illinois--Urbana-Champaign](#)
- [University of California--Berkeley](#)
- [Georgia Institute of Technology](#)
- [Northwestern University](#)
- [Stanford University](#)
- [University of Michigan--Ann Arbor](#)
- [Cornell University](#)
- [Carnegie Mellon University](#)
- [Pennsylvania State University--University Park](#)
- [University of Florida](#)
- [Purdue University](#)
- [Colorado School of Mines](#)
- [Case Western University](#)
- [Rutgers University](#)
- [Lehigh University](#)
- [Arizona State University](#)
- [Michigan State University](#)
- [Drexel State University](#)
- [Iowa State University](#)
- [University of Pennsylvania](#)
- [Vanderbilt University](#)
- [University of North Texas](#)
- [University of Maryland](#)
- [Michigan Technical University](#)
- [Clemson University](#)
- [Virginia Technical University](#)
