

THE REFRACTORIES INSTITUTE 2015 SCHOLARSHIP PROGRAM

SUMMARY

The member companies of The Refractories Institute (TRI) have established an academic scholarship program for the 2015-2016 academic year to support qualified students enrolled in degree programs who have exhibited an interest in refractory manufacturing through course work or other activities, and who might be considering a career in the refractory industry. TRI will award a limited number of scholarships based on academic merit and the applicant's demonstrated experience and interest in the field of refractories. Scholarships will be awarded in the form of one time grants of \$5,000 each, based on the review of applications and the judgment of the TRI Scholarship Committee and Board of Directors. Previous TRI Scholarship recipients are not eligible for further consideration.

APPLICATION REQUIREMENTS

Scholarships are available to college undergraduate or graduate students studying in North America who will be enrolled full time for the 2015-16 academic year in pursuit of an undergraduate or advanced degree in ceramic engineering, materials science or similar discipline. To be considered, interested individuals must submit a letter of application by the deadline below with the following information included or appended:

- A resume that includes at a minimum the applicant's mailing address, daytime, phone, e-mail, school, major, grade point average, anticipated date of graduation, part-time or summer employment, awards and recognitions, and extra curricular activities.
- A letter describing the applicant's interest in the field of refractories, including courses taken, papers written, research projects, summer or part-time employment, co-ops or work study programs, and any other information that might inform the Scholarship Committee's deliberations.
- A letter of recommendation from one of the following: department chairman, faculty advisor, or a professor familiar with the candidate's academic experience and achievements, and confirming the applicant's interest in refractories.
- A certified copy of the applicant's academic transcript.

SCHEDULE

Completed applications must be received by The Refractories Institute by March 13, 2015. The TRI Scholarship Committee will then review the applications and may require telephone or personal interviews with applicants at that time. Successful applicants will be notified, and scholarships awarded, in June, 2015.

SUBMISSION OF APPLICATIONS

Completed applications must be submitted by email, mail or overnight delivery service to the following addresses:

E-Mail: info@refractoriesinstitute.org

Mail/Overnight:

The Refractories Institute
1300 Sumner Avenue
Cleveland, Ohio 44115
