March 2015 • Vol. 94 No. 2

feature articles

- Letter to the editor** 3
- Refractories—Engineered, high-performance ‘silent partners’** 26
Eileen De Guire
Refractory technology—often hidden from view—advances materials science, and has done so for 8,000 years.
- Case study—Applying lateral thinking to process development and optimization of specialty kiln furniture** 28
Roel van Loo
A German company manufactures tall, large-area saggars for a severe firing application by adapting an undersized press and pulling a vacuum.
- Current state and future opportunities for ceramic education in the United States** 34
Steve Freiman and Lynnette D. Madsen
The Interagency Coordinating Committee on Ceramic Research and Development outlines challenges and opportunities for the future of ceramic education.
- Book review: *Stuff Matters: Exploring the marvelous materials that shape our man-made world*** 49
April Gocha
Author Mark Miodownik writes an entertaining account of the importance of materials by connecting stuff to its recognizable place in the world.

meetings

- Ceramics Expo 2015** 40
- GOMD-DGG 2015: Glass & Optical Materials Division Annual Meeting and Deutsche Glastechnische Gesellschaft Annual Meeting** 42
- 11th CMCEE: International Conference on Ceramic Materials and Components for Energy and Environmental Applications** 44
- Meeting highlights: 39th Int’l Conference and Expo on Advanced Ceramics and Composites, and ACerS Electronic Materials and Applications 2015**... 46

columns

- Deciphering the Discipline** 56
Elise Poerschke
For science’s sake: My selfie with Bill Nye

resources

- New Products** 50
- Calendar** 51

**In your hand
and on the go!**

There are now three great ways to read all of the good stuff inside this month's issue of the *Bulletin!*

On-the-go option #1: Download the app from the Google Play store (Android tablet and smartphones) or the App Store (iOS tablets only).

Equally mobile option #2: Download a PDF copy of this month's issue at ceramics.org and save it to your smartphone, tablet, laptop, or desktop.

Optimized for laptop/desktop option #3: From your laptop or desktop, flip through the pages of this month's electronic edition at ceramics.org.

Get it on **GOOGLE PLAY** Available for iPad on the **App Store**

American Ceramic Society Bulletin covers news and activities of the Society and its members, includes items of interest to the ceramics community, and provides the most current information concerning all aspects of ceramic technology, including R&D, manufacturing, engineering, and marketing. *American Ceramic Society Bulletin* (ISSN No. 0002-7812). ©2014. Printed in the United States of America. *ACerS Bulletin* is published monthly, except for February, July, and November, as a "dual-media" magazine in print and electronic formats (www.ceramicbulletin.org). Editorial and Subscription Offices: 600 North Cleveland Avenue, Suite 210, Westerville, OH 43082-6920. Subscription included with The American Ceramic Society membership. Nonmember print subscription rates, including online access: United States and Canada, 1 year \$135; international, 1 year \$150.* Rates include shipping charges. International Remail Service is standard outside of the United States and Canada. *International nonmembers also may elect to receive an electronic-only, email delivery subscription for \$100. Single issues, January–October/November: member \$6 per issue; nonmember \$15 per issue. December issue (ceramicSOURCE): member \$20, nonmember \$40. Postage/handling for single issues: United States and Canada, \$3 per item; United States and Canada Expedited (UPS 2nd day air), \$8 per item; International Standard, \$6 per item.

POSTMASTER: Please send address changes to American Ceramic Society Bulletin, 600 North Cleveland Avenue, Suite 210, Westerville, OH 43082-6920. Periodical postage paid at Westerville, Ohio, and additional mailing offices. Allow six weeks for address changes.

ACSB7, Vol. 94, No. 2, pp 1–56. All feature articles are covered in Current Contents.
