

ACerS 2016 Call for Papers!

**Submit your abstract for the 7th Annual Meeting
American Ceramic Society Cements Division
Advances in Cement-Based Materials:
Characterization, Processing, Modeling and Sensing**

**Northwestern University
Evanston, IL
July 10-13, 2016**

The Cements Division of ACerS announces a call for papers for the 2016 Advances in Cement-based Materials: Characterization, Processing, Modeling and Sensing meeting. Advances in Cement-based Materials will be hosted July 10-13 at Northwestern University in Evanston, IL.

Authors are invited to submit an abstract for oral and poster presentations in the following:

- Cement Chemistry and Nano/Microstructure
- Advances in Material Characterization Techniques
- Alternative Cementitious Materials and Material Modification
- Durability and Lifecycle Modeling
- Advances in Computational Material Science and Chemo/Mechanical Modeling of Cement-based Materials
- Smart Materials and Sensors
- Rheology and Advances in SCC

The deadline for abstract submission is March 30, 2016.

Cements 2016 is designed for engineers, scientists, industry professionals and students interested in advanced cement-based materials.

Submit your abstract at <https://easychair.org/conferences/?conf=acerscements2016>
