I will refer to this database frequently for research related to my work.

Student Reference

I will be referring my students to this database regularly to assist their studies.

Benefit to Library's Collection

My assessment of this database's content and direction is very high. Its acquisition will add to the library's success in fulfilling department, faculty and student needs.

PHASE EQUILIBRIA DIAGRAM PROGRAM ONLINE

Phase Online is a dynamic, cost-effective method for libraries & organizations to offer **over 26,500 critically** evaluated diagrams.

The Phase Online Library Subscription enables librarians to provide access to phase diagrams at all work stations within their institutions by designating ranges of IP addresses. Once the subscription is set up, individuals using a computer with the institution's specified IP address range are able to access the Phase Online content without entering a username or password.

Library Subscription Options

Member: \$1,595 per year

Nonmember: \$1,695 per year
