WHO IS ACERS? We are an international society serving the engineered ceramic and glass industry with more than 11,000 professional and student members in 70 countries.

WHO IS THE BASIC SCIENCE DIVISION? As one of 10 Divisions of the American Ceramic Society, we focus on developing foundations of ceramic science and identify new areas of ceramic science critical to our industry for present and future applications.

WHAT’S IN IT FOR YOU
- Connecting with industry professionals
- Meetings, symposia, and related events to stay current
- Access to member resources and industry publications
- Leadership development opportunities
- Awards and recognition
- Access to peer-review journals
  - Journal of The American Ceramic Society
  - International Journal of Applied Ceramic Technology
  - International Journal of Applied Glass Science

WHO IS ACERS? We are an international society serving the engineered ceramic and glass industry with more than 11,000 professional and student members in 70 countries.
Flagship meetings

CONFERENCES ON ELECTRONIC AND ADVANCED MATERIALS (Coorganized with Electronics Division)

MATERIALS SCIENCE & TECHNOLOGY TECHNICAL MEETING

PEER RECOGNITION
- The Robert B. Sosman Award and Lecture
- Graduate Excellence in Materials Science Awards
- Roland B. Snow Award: Best of Show of the Ceramographic Contest

GIVING BACK
- Gordon Research Conference on Solid State Studies in Ceramics
- Pre-conference tutorials for students
- Student recognition and travel support
- Leadership and committee positions

BUT DON’T TAKE OUR WORD . . .
LISTEN TO WHAT OUR MEMBERS ARE SAYING:

“The Basic Science Division provides a wealth of opportunities for networking and synergism. It has a strong emphasis on academic participation and plays an important role in the development of young professionals.”

– Doreen Edwards, Rochester Institute of Technology
