

ceramicSOURCE

THE PREMIER PUBLICATION

ceramicSOURCE is the first stop for thousands of ceramics professionals worldwide. Bottom line: If they're looking for suppliers of quality raw materials and powders, equipment, and services, they'll find it—and should find you—in this annual buyer's guide from The American Ceramic Society.

Published in the December issue of *ACerS Bulletin*, **ceramicSOURCE** is available in both print and electronic versions—making it easier to connect current and potential customers with the industry's top providers of materials, machinery, and more.
