Summary of Meetings and Activities Held/To Be Held (from Oct. 2017 through Oct. 2018):
The Biomaterials Division endorsed The New Materials in Healthcare workshop held in Bangalore India in May, is participating in the ASM camp at MS&T, and is co-organizing the Bio-4 conference that will be held next year in Canada. Conferences primarily organized by other divisions which had biomaterials sessions and organizers from the Biomaterials Division include MS&T, Daytona Beach, and GOMD.

Future Planned Meetings/Activities (from Nov. 2018 – October 2019):

Next year we have sessions at Daytona Beach, ICG/GOMD, BIO-4, and MS&T. The Biomaterials Division is working on forming a committee to work on International Biomaterial Standards which will increase the pool of people working and validating standards for biomaterials. Another committee is focused on membership to not only grow our numbers, but also to ensure we are delivering a beneficial service to our members, our industry, and ACerS.

New Initiatives/Opportunities:

The major initiative for 2018-2019 is to increase division activity and increase the number of both committees and committee participants. As a new division we also want to continue to grow our membership. The BIO-4 meeting and ICG will be nice opportunities to be exposed to people outside the typical ACerS community.
