

Optimizing Your Heating System for Energy Efficiency by **BriskHeat[®]**

In this webinar, you will learn keys to efficient and cost-effective industrial heating systems. Topics include:

- Applications for electrical heating systems
- Heat loss calculations
- Selecting insulation materials
- Types of surface heaters
- Translating efficiency to cost savings

The presentation will last approximately 50 minutes and be followed by a Q & A session.

**When: Thursday, September 17, 2020
at 7:00 EDT**

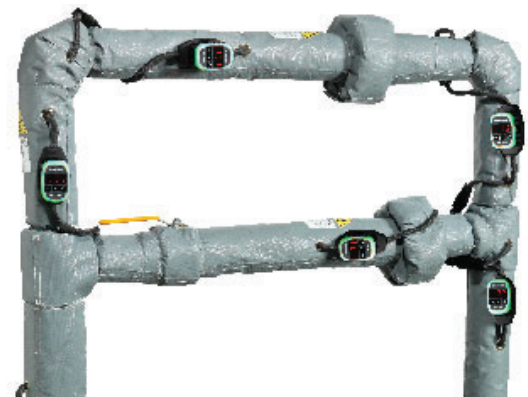

Presenter: Edye S. Buchanan, CMfgT,

Marketing Strategist for BriskHeat Corporation and
SME Member Council Representative

Chelsie Karling - Manager of U.S. Distribution

Chad Goines - Manager of North American Direct
and Composite Sales

Thomas Jablonski - Technical Support Specialist

How: **Pre-registration is required**; you will receive an invite to the Zoom meeting one week before the webinar.
