

Frequently Asked Questions for Virtual EMA 2021

Oral Presentations

What is the format for oral presentations? All oral presentations must be recorded in advance, either on the Bravura platform or on your own Zoom platform. Files must be submitted as MP4 file format and not exceed 500 MB. More information is available in the Virtual Speaker Guide.

What are the time constraints for presentations? In general, contributed presentations should last 15 min., incl. Q&A. Invited speaker times are allowed 30 min., incl. Q&A. Please do not extend your presentation beyond your assigned time.

How do I record the presentation? Information is available in the Virtual Speaker Guide.

How do I submit my recorded oral presentation? You must first pay the registration fee to gain access to the Bravura platform to record or upload your presentation. Information is available in the Virtual Speaker Guide.

By what date do I upload my presentation online? See the deadline dates at the end of this document. You must know your symposium number. This can be found in the abstract acceptance email.

How do I avoid having people save/record my presentations? Similar to the in-person conference, during the registration process, all attendees are asked to agree to not save or record presentations from the conference. In addition, attendees are not able to record someone else's presentation while watching presentations in the Bravura system.

Poster Presentations

What is the format for poster presentations? Presenters should provide the poster in PDF format. Note that graphics should be simple, colorful, well-labeled, and clear. Poster presenters can also create a 3-5-minute video to introduce their poster.

How do I submit my poster presentation? Information is available in the Virtual Speaker Guide.

By what date do I upload my poster presentation online? See the deadline dates at

the end of this document.

Time Zone Considerations

In which time zone will EMA'21 Virtual take place? All presentations and events will be scheduled in Eastern Standard Time (GMT-5).

Registration

I am a presenter – do I need to register and pay? Yes, you must pay the registration fee prior to recording or uploading your presentation on the Bravura platform. The early-bird registration deadline is **December 19**.

When does registration open? Registration is open now at ceramics.org/ema2021

General Information

How can I communicate with participants during my session? Information is available in the Virtual Speaker Guide. Speakers can communicate in the Bravura platform during the session via chat. Questions for the speaker can be posed using the Q&A function.

How long will presentations be available to view? Presentations will be available to view through March 2021.

Important Dates for Presenters

By what date do I upload my presentation online? The system will be available starting on December 18, 2020. The deadline dates are based on topic areas for each symposium. Deadlines are listed below. You must know your symposium number. This can be found in the abstract acceptance email. Please upload your presentation before or on your assigned date to avoid overload of the system.
