ACerS announces 2021 Class of Fellows

Westerville, OH—The American Ceramic Society (ACerS) will elevate 17 members to Fellow Status this year. The Fellow designation recognizes ACerS members who have distinguished themselves through outstanding contributions to the ceramic arts or sciences, broad and productive scholarship in ceramic science and technology, conspicuous achievement in ceramic industry, or by outstanding service to the Society.

“These Fellows are inspirational and are among the most experienced and knowledgeable in our profession. They have dedicated their careers to moving ceramic and glass science and technology forward either by technical achievement or with their activities in support of the Society. I thank them for their individual and collective accomplishments and remarkable contributions of service to the Society,” says Dana Goski, ACerS president.

The awards will be presented at the Society’s Annual Honor and Awards banquet, Oct. 18, 2021, in Columbus, Ohio, during the [ACerS Annual Meeting](#) held at the [Materials Science and Technology Conference](#), October 17–21, in Columbus, Ohio.
