

ANNOUNCING THE ACeRS PCSA 3RD ANNUAL Humanitarian Pitch Competition!

The
American
Ceramic
Society
www.ceramics.org

The ACeRS President's Council of Student Advisors (PCSA) is hosting a competition for you to pitch your ideas to a panel of judges about how you can address a challenge that a community is experiencing.

By utilizing your material engineering background, you should aim to show how improved materials/processes will benefit the community that is in need.

This year's competition theme is

USE MATERIALS KNOWLEDGE TO ADDRESS A HEALTH RELATED HUMANITARIAN ISSUE LOCALLY OR ABROAD

The following prizes will be awarded:

1st place - \$500

2nd place - \$250

3rd place - \$150

4th place - \$100

For more information and to submit your abstract, go to: www.ceramics.org/pitchcomp

You may contact Kimberly Gliebe,
kag85@case.edu
with any questions.

WHO: Undergraduate and graduate students

WHEN: October 18, 9–11am

WHERE: MS&T2021 Columbus, OH

HOW: Submit abstract by **Sept. 10**

Teams may include up to 4 students, with at least one student attending to present to the judges on October 18.

Put your skills to the test by delivering an idea on how materials can benefit an underserved community!
