

The St. Louis Section and RCD of The American Ceramic Society are collecting and maintaining a list of all past St. Louis Meeting Symposia. Any information regarding the symposia in 1966, 1967, 1968, and 1971 would be greatly appreciated. Information can be sent to Erica Zimmerman at EZimmerman@ceramics.org

Date and Subject of Annual St. Louis Section and Refractory Ceramics Division Symposia on Refractories

Annual	Date	Topic
Fifty-eight	March 29, 2023	
Fifty-seventh	March 16, 2022	Theodore J. Planje Award and Students and Young Professionals Symposia – UNITECR 2022
Fifty-sixth	March 25, 2021	Properties and Performance of Refractory Ceramics – A Tribute to Richard C. Bradt
Fifty-fifth	March 27, 2019	Shaped Refractories
Fifty-fourth	March 21, 2018	Refractories for the Cement, Glass, and Minerals Manufacturing Industry
Fifty-third	March 29, 2017	Real World Applications of Refractory Testing
Fifty-second	March 30, 2016	Refractories for the Ferrous Industry: A Historical Perspective, Present and Future Directions
Fifty-first	March 25, 2015	Refractories as Engineered Ceramics
Fiftieth	March 26, 2014	Refractory Bonding Systems
Forty-ninth	March 27, 2013	Refractory Challenges in the Chemical and Petro-Chemical Industries
Forty-eighth	March 28, 2012	Refractories for Non-Ferrous Applications
Forty-seventh	March 23, 2011	Additives for Monolithics
Forty-sixth	March 24, 2010	Innovative Materials for Energy Efficiency
Forty-fifth	March 25, 2009	Raw Materials
Forty-fourth	March 26, 2008	CSI Refractories
Forty-third	March 28, 2007	Thermal Management
Forty-second	March 29, 2006	Advances in Raw Materials
Forty-first	March 30, 2005	Monolithic Refractories
Fortieth	March 31, 2004	Refractories for Foundries
Thirty-ninth	April 9, 2003	Raw Materials and Monolithics
Thirty-eighth	March 21, 2002	Refractories for Continuous Casting of Steel
Thirty-seventh	March 23, 2001	Refractories for Aluminum
Thirty-sixth	March 26, 2000	Insulating Refractories: Their Production, Testing and Characterization
Thirty-fifth	March 26, 1999	Starting Materials for Refractory Monolithics
Thirty-fourth	March 19, 1998	Refractories for Casting Steel
Thirty-third	March 21, 1997	Refractories for Foundries
Thirty-second	March 22, 1996	New Material System and Placement Techniques for Refractory Monolithics
Thirty-first	March 16, 1995	TQM Models and Their Impact on Improving Refractory Processes
Thirtieth	March 25, 1994	Fundamentals of Refractory Castables
Twenty-ninth	March 26, 1993	Advances in Raw Materials and Binders for Refractories
Twenty-eighth	March 27, 1992	Standardization and Development of Testing of Steelplant Refractories
Twenty-seventh	March 23, 1991	Advances in Refractories for Incinerators, Waste Disposal and Petrochemical Applications
Twenty-sixth	March 30, 1990	Refractories for Worldwide Blast Furnace Melting Practice
Twenty-fifth	March 17, 1989	Refractory Applications in Glass Manufacture and Processing
Twenty-fourth	March 19, 1988	Refractories for Metals Handling
Twenty-third	April 10, 1987	Refractories for Ladle Metallurgy
Twenty-second	March 21, 1986	The Application of Test Data in Refractory Design
Twenty-first	April 12, 1985	Quality Management and Statistical Process Control
Twentieth	March 29, 1984	Changes in Refractory Technology - Applications of Micro Processor Control to Refractory Technology
Nineteenth	April 15, 1983	Changes in Refractory Technology-Characterization of Refractories
Eighteenth	March 12, 1982	Changes in Refractory Technology in Place Forming
Seventeenth	April 10, 1981	Changes in Refractory Technology Forming
Sixteenth	March 28, 1980	Changes in Refractory Technology - Raw Materials
Fifteenth	April 6, 1979	Refractories for Conservation
Fourteenth	April 7, 1978	Changes in Refractory Technology - Testing
Thirteenth	April 1, 1977	Changes in Refractory Technology - Specialties
Twelfth	March 26, 1976	Refractories in the Supply and Use of Energy
Eleventh	April 25, 1975	Material and Processes: Selection and Control
Tenth	April 5, 1974	The Bond in Refractories
Ninth	April 6, 1973	Thermal Failure
Eighth	April 21, 1972	Mass Transport in Refractories
Seventh	April 2, 1971	

Sixth	April 17, 1970	Hot Strength
Fifth	April 11, 1969	Corrosion of Refractories
Fourth		
Third		
Second		
First	April 1, 1965
