GOMD Virtual Speaker To-Do List – Important!

- Register for the conference by May 1, 2022 to receive your login credentials for the Bravura Online speaker portal. Conference registration is mandatory for all speakers and moderators at ACerS conferences.

- Log into the Bravura speaker portal here to update your speaker profile and test your system.

- Review the speaker details posted in the Presenter's Toolbox on the GOMD'22 meeting site.

- Speakers: Prepare your slides/presentation to be ready to make a recording. Poster presenters: Prepare a PDF of your poster for upload.

- Invited presentations are 30 minutes in duration and contributed talks are 20 minutes. You may use all allotted minutes in your recording.

- Complete the recording/video upload of your presentation by **May 18**. Recordings will not be accepted after this date.

TIPS FOR VIRTUAL SPEAKERS – PRE-RECORDING (RECOMMENDED)

- Bravura provides a mechanism through the Speaker Portal for speakers to record a video presentation. Through the portal, speakers will launch a Zoom meeting and record, saving it to the cloud for access during the session. Talks recorded through the Bravura platform must be completed by **May 18**. Recordings will not be accepted after this date.

- Speakers are not required to utilize any special software for this recording. Requirements: A PC (not a mobile device), a working camera and microphone, and must meet Zoom system requirements https://support.zoom.us/hc/en-us/articles/201362023. Speakers can test their camera and microphone through the Zoom by clicking on the carat next to the video button to launch video and audio settings.

- The content you see on screen will be the content recorded. It is suggested you ready materials before clicking the record button.

- You may record and preview as many times as you wish to get the desired results. If you create multiple recordings, please **delete any unwanted files**. The most recently dated file will be played in the session.

Record a PRESENTATION

The Bravura speaker portal link: Speaker Portal

- Select the assigned session from your 'My Sessions' view and select **Record Now** to start your recording. This will launch a virtual meeting where you will see yourself on camera. You can share your screen to run your presentation.

- If you see an error that indicates the recording room is not available, please reach out to support.

Pre-record for virtual session

Click "Record Now" to pre-record your presentation and play it during the live session. This will launch a virtual session where you will be on camera. MAKE SURE YOU SELECT THE RECORD OPTION WHEN YOU ARE READY TO RECORD.
You can also share your screen or presentation during the recording. Pre-recordings are usually available within 24 hours of the recording.
For more details and tips on pre-recording, check the User Guide.

■ Record Now

Below is a list of recordings available, delete any you do not need. Download the recording you want to use during your live session and keep it ready to play it durin live session. If you do not see your recording, check back later.

Recorded At	Size	
Jun 11, 2020, 11:00:05 AM	2 MB	Download

Recordings will be available within an hour of your recording session on this same screen.

Download the recording to review it. Delete it if you do not want to use it

Check the 'Tips for virtual speaker' section on this guide for some useful tips.

Record a PRESENTATION

- Select the **Record Now** option when you are ready to start recording

- This will launch a Zoom meeting

- Join the meeting as if you would join any virtual meeting, if prompted to install, Install Zoom

- Once you are in the meeting, enable your camera and microphone and ensure they work

- Share your screen if you plan to show a slide presentation during your recording. Videos cannot be inserted in the recording.

- **Select the Record Icon from the Zoom Control Panel**

- When you select the icon, be sure to select '**Record to the cloud'**

- **When you are done, stop recording and end the meeting.** Clicking end the meeting will automatically send your recording to the cloud. You will not receive an onscreen notification.

- The recording will be available to review in the Speaker Portal within an hour. **You will not receive a confirming email**, so please be sure to check the speaker portal.

- You may select Record multiple times, each of your recordings will be available in the Speaker console. **Delete the ones you do not need.**

RECORDING OUTSIDE BRAVURA PLATFORM

If you choose to use another platform to record, you may use any technology that produces a <u>MP4</u> file. The instructions here use ZOOM for recording.

▶ Install and launch a free Zoom meeting

▶ Once you are in the meeting, enable your camera and mic and ensure they work

▶ Share your screen if you plan to show a slide presentation during your recording

▶ **Select the Record Icon from the Zoom Control Panel**

▶ **When you are done, <u>stop recording</u> and <u>end the meeting</u>.** You will receive an onscreen notification.

▶ The recording will then be available on your computer. It will be saved as a MP4 file. **Review this recording** and upload to the Speaker Portal.

▶ You may record multiple times, however, retain/upload only the final one.

▶ **For Upload: format MP4 file, file size is limited to 500 MB.**

▶ **If your file exceeds this size, we recommend**

▶ **you record using our console, or compress your file.**

▶ **Upload the MP4 per the instructions in the box at right.**

> **If you are recording outside of the Bravura console, note that MP4 files should be H264 video codec and AAC audio codec.**

> Don't forget to press **Record**!

Upload Recording

> Upload mp4 file here!

You do not have any recordings available at this time.

TIPS FOR POSTER PRESENTERS

•

Upload your poster PDF before May 18 at the speaker portal link here

Click on the poster title under your session list, then choose the Documents option to upload your file.

Posters provided as pdf will become On-Demand Posters (available for viewing throughout the conference).

The recommendation is for clear, simple graphics and well-organized text.

Size is not relevant as through the conference platform, viewers will be able to zoom in on the poster details if desired.

Viewers are not able to copy or save your poster presentation.

WHAT HAPPENS NEXT?

You have recorded your talk and submitted it to your speaker portal. Now what?

- As a virtual speaker, you will <u>not</u> present your talk live, nor will you be able to answer questions live. Your video will be integrated into the in-person session by our professional AV staff. A discussion board will be attached to your session in Bravura where participants can pose questions and you can respond. They can also message you directly through the Bravura virtual conference platform.

- Any registered attendee for GOMD'22 will have access to all sessions and recorded live content through July 31, 2022. You gain access to these recordings by logging into the Bravura Connect O audience platform (access will be provided to **all registrants** via email in the week prior to the start of the conference).

If you have questions about your presentation, contact Marilyn Stoltz at **mstoltz@ceramics.org**

If you have technical questions about the Bravura platform or your specific technology, please contact **support@bravuratechnologies.com**
