

2026 ACerS CORPORATE PARTNER PROGRAM

The
American
Ceramic
Society
ceramics.org

YOUR CONNECTION TO THE WORLDWIDE CERAMIC AND GLASS COMMUNITY

ACerS Corporate Partnerships offer your company global exposure to ceramic and glass professionals, technical resources, talent recruitment, and professional development opportunities while supporting your industry and ACerS, the leading professional society for ceramic and glass professionals.

ABOUT THE AMERICAN CERAMIC SOCIETY

The American Ceramic Society is a non-profit, professional society advancing the study, understanding, and use of ceramic and glass materials for the benefit of our members and society. Founded in 1898, ACerS has over 10,000 members from more than 70 countries, including scientists, researchers, engineers, manufacturers educators, and marketing professionals. ACerS is the hub of the global ceramics community and a trusted source of ceramic and glass materials knowledge.

WHO SHOULD BE AN ACERS CORPORATE PARTNER?

Any company involved in providing materials, products, or services designed for use with technical ceramics and glass, including suppliers, manufacturers, service providers, consultants, and end users.

ACERS CORPORATE PARTNERSHIP

ACerS offers three types of corporate membership (Corporate Partner, Sapphire Corporate Partner, and Diamond Corporate Partner) each offering its own set of benefits categorized as Marketing/Advertising Benefits and Individual/Employee Benefits. Choose the partnership level that best fits your company and employees.

We like the discounted rates on the expos, and the exposure is even better now because of the Corporate Partnership program. It's perfect for building awareness and letting customers know that we support the Society

- Mary Stevenson,
President Deltech
Furnaces
